

THE ADMIRAL STANLEY ARTHUR AWARDS FOR LOGISTICS EXCELLENCE

Admiral Stan Arthur with Awards program founder and Master of Ceremonies Mr. Charles Borsch

The Admiral Stanley Arthur Awards for Logistics Excellence are bestowed annually to individuals and teams who epitomize logistics professionalism and excellence. Nominees may be involved in any or all phases of Navy logistics from early life-cycle planning to in-service logistics support. The contributions reflected in the award nominations must be in the calendar year for which the award is to be given. Echelon 2 commands, through which all nominations must be submitted, are encouraged to submit nominees for each three-award categories (civilian, military, and team).

Selection Criteria. To qualify, innovative methods and logistics professionalism must establish benchmarks and a model to measure the accomplishments of logisticians throughout the Navy. Rewarded will be those individuals and teams whose suggestions resulted in substantial tangible or intangible benefits. Specifically, candidates are judged upon the following:

1. ***Contributions and recommendations which advance logistics technology, products, services, and processes.***
2. ***Contributions that resolve major logistics issues and result in substantial tangible or intangible benefits.***
3. ***Innovative logistics planning and execution that merits adoption for standard usage.***

The Civilian and Military Logistician of the Year should be

individuals who enhance logistics professionalism.
